I recommend sending the invite to the broadest list of "team" folks that you have.

Hi Palmer - I sent the invite to the core team (ie. the group that meets every Tuesday), but I was wondering if there were folks on the assessment team like Glenn and others who should also be invited. Let me know, thanks. Judy

Judy:

Thanks for setting up. Let's invite the entire team. I will reply and say yes and indicate that you will follow up with number and webinar info.

Thanks, Palmer

Folks:

A group of scientists that has been reviewing the PLP EBD would like to present a series of whitepapers they have developed critiquing different sections of the mine. They will be in DC on 4/18 and would like to meet and share these at 2 PM ET.

Can we set up a meeting and invite the team to participate? I will make sure materials are circulated ahead of time. No more than one hour.

Thanks, Palmer

Good Afternoon Mr. Hough

I am writing to request a meeting on the afternoon of Wed, April 18th at 2 PM for a discussion of coordinated science research related to the fisheries of Bristol Bay and their relation to the Bristol Bay Watershed Assessment.

Thank you for your attention to this issue. Please confirm and feel free to let me know if you need anything from me in advance of a meeting.

Best,
Sam Snyder
